

# VERTICAL BLINDS

The simplicity of Taylor's Vertical blinds creates a chic and trendy window dressing and are especially popular in offices and contemporary homes. The popular choice for chic and trendy office environments, Vertical Blinds are back in fashion for home décor too. They work with any size window or patio door – parting left, right or splitting evenly on either side – and their perfect straight lines allow you to control the light that enters a room, your privacy and your views.

They are easy to clean and offer excellent insulation against heat and cold. The washable fabric strips are available in widths of 90mm and 127mm and you have a variety of colours and textures to choose from, including a total Block Out PVC option. Our patented stainless-steel rods will not corrode, and guarantee years of trouble-free service.
