GUARD®

The art of security & style, in one innovative product.

- SECURITY
- 10 YEAR WARRANTY
- RUST PROOF
- OUTDOOR
- INDOOR
- CUSTOM COLOURS

ShutterGuard® Aluminium Security Shutters are a savvy, stylish, safety solution for windows or doors – offering security without compromising the aesthetics of your home, commercial or retail space.

The patented Gear-lock keeps the shutters in place. A 6cm patented bolt secures the shutters to the floor, leaving no leverage to lift the lock out of the track. A 3.4cm bolt secures the top track when locked. The Cisa system allows you to lock the shutters with a unique security key. Should you wish to have a double-sided lock please request this with us.
