THERMOWOOD® shutters

Natural light. Privacy on demand.

- 3 YEAR WARRANTY
- RUST PROOF
- INDOOR ONLY
- CONTROL LIGHT, NOISE & TEMPERATURE

Thermowood® Shutters are practical and elegant, custom-made, louvre door shutters, manufactured from a durable, specially engineered wood substitute – extruded PVC – that has been thoroughly tested under stringent humid, hot and dry conditions to ensure longevity.

Whether you want to invite light and a sense of space into your home at the ocean's edge or in the middle of the Karoo, or whether you are looking for a room divider or alternative cupboard door in a room influenced by moisture, Thermowood® Shutters will deliver on its' promise of merging indoor and outdoor living – elegantly.
